

Fall Market Stand Printables

Pumpkin Patch Market Instructions

Step 1: Make your farm stand structure

Option A: Cut a large cardboard box into a farm stand shape. Ask an adult for help using a utility knife to cut a window out of one side. Cut off the back of the box, but leave the sides so it will stand up on its own.

Option B: If you don't have a large cardboard box, that's ok! You can make a farm stand window out of a medium-sized box placed on top of a table, or just decorate a table..

Pumpkin Patch Market Instructions

Step 2: Make your banner

Cut out the banner pieces. You can choose the pumpkin patch banner or the blank banner and make your own!

Use a glue stick to glue the banner together. You may need to trim the pieces to get the letters spaced evenly.

Step 3: Decorate!

How will you decorate your Fall Market stand?

Cut and color pumpkins, glue leaves into a banner, or stack apples into fun shapes.

Step 4: Play!

Use pretend money to sell your produce to customers.

Don't have pretend money? Use leaves, acorns, or other found objects!
